Dear University of Arkansas Member,

In an effort to support continued access to affordable prescription drug benefits, MedImpact Healthcare Systems, Inc., (MedImpact) on behalf of the University of Arkansas will be implementing a change to your formulary effective **01/01/2018**.

Our records indicate that you had a prescription filled for one of the drugs listed below within the last 120 days. If you are not currently using this medication, this notice does not apply to you.

- **BASAGLAR**
- **LEVEMIR**
- **TRESIBA**

As of **January 01, 2018**, **LANTUS** or **TOUJEO** will be the preferred choices for your Diabetic care and **BASAGLAR**, **LEVEMIR** and **TRESIBA** will no longer be covered.

Benefits for all services are subject to terms, conditions, and eligibility as outlined in the benefit documentation in effect at the time services are provided. The above change to your prescription drug plan is directed by the University of Arkansas Pharmacy Advisory Committee, who strive to maintain affordable and appropriate healthcare benefits.

If you have any questions, please contact MedImpact Healthcare Systems, Inc. at 1-800-788-2949.

Sincerely,

MedImpact and the University of Arkansas Pharmacy Advisory Committee

The University of Arkansas' prescription drug formulary, administered by MedImpact, is maintained by the University of Arkansas System's Pharmacy Advisory Committee. The Pharmacy Advisory Committee is composed of both faculty and clinical pharmacists, who advise the Committee on the most recent medical research results. The recommendations by the committee are based on the latest available evidence-based studies.
