

Dear Member:

Our records show that you are using diabetic testing supplies. As your pharmacy benefit manager, we want to provide you with the best products for your diabetes care. After a thorough review, we have selected Abbott Diabetes Care, the maker of **FreeStyle and Precision brand products, as the only supplier for your diabetic testing supplies.**

Beginning **July 1, 2021**, diabetic test strips and meters by other manufacturers will no longer be covered through the pharmacy benefit. Please take action now to ensure continuous access to covered diabetic supplies.

What do you need to do?

1. Get a new **FREE** meter* by choosing from one of the options below:
 - a. Get a new meter prescription from your doctor, go to your local pharmacy and request a **FREE** meter,
 - b. Order online at www.ChooseFreeStyle.com, with Offer Code: BQQ3WIQA, or
 - c. Call Abbott Diabetes Care at 1-866-224-8892

Note: If you order your new meter online or call (options b or c) a prescription is not required.
2. Ask your doctor for a new test strip prescription that works with your new meter (Freestyle or Precision).

Available meters and test strips include:

- FreeStyle Lite® meters
- FreeStyle Freedom Lite® meters
- Precision Xtra® meters
(by phone or at retail pharmacy, not on the website)
- FreeStyle test strips (including Lite®)
- FreeStyle InsulinX® test strips
- FreeStyle Precision Neo® test strips
- Precision Xtra® test strips
- Precision PCX® test strips (including Plus)

Additional product information is available from Abbott Diabetes Care at 1-800-522-5226 or online at www.AbbottDiabetesCare.com. For questions or help with your new meter, contact your doctor or call the Abbott Diabetes Care help line at 1-800-522-5226, Monday through Friday, 5 am – 5 pm PST.

Sincerely,
MedImpact Healthcare Systems, Inc.
