SPRING ISSUE • JUNE 2024

The health topic for June is men's health.

This month, you'll find information to educate members about men's health – particularly, important screenings for men.

You'll also find other wellness-related links to share with your employees.

Get in touch with UMR if you have any questions or want additional resources.

Mental health awareness

Many organizations recognize June as Men's Mental Health Month. Did you know that low levels of testosterone are correlated with depression, stress and mood swings, especially among older men? Encourage your members to [explore this infographic](#) from Mental Health America for more quick facts about men, mental health and mental illness.

Healthy You magazine

UMR sends a monthly digital newsletter directly to members with information about what's in the latest issue of *Healthy You* magazine. You can also post a link to the magazine on your intranet site or share specific articles that might interest your employees. This month we're promoting these articles:
